SATHYAMOORTHY K

Senior Creative Consultant - UI/UX/Visual/ Interaction

I am having an experience of more than 9 years in UI/UX and visual design. I deeply understand of making a digital experience intuitive and visually appealing. My design work mainly covers user-centric interfaces from an angle that combines function with engaging audiences for their experience across web and mobile devices. Am proficient in the use of tools such as Figma, Adobe creative suite; I am competence wire framing, prototyping, and creating pixel-perfect designs. I stand on separating aesthetic from usability and take shape according to the identity of the brand and needs of users.

I have managed delivering cross-functional projects that have resulted in customer satisfaction and business growth. I am always familiar with the industry and best practices, delivering fresh ideas to my work.
